A TALE FROM DECADES PAST...

Since the opening of Tasmania's first pub – The Hope and Anchor, in 1807 – a few things have remained true to Tassie watering holes. They each serve Boags and/ or Cascade beer (depending on the post code); they each provide a welcome setting for trading the news and stories of the day; and importantly, they are inspired by the egalitarian nature of Tasmanian society where class divisions are less obvious. Colourful characters from all walks of life gather in bars at the day's end to share everything from beer and cider to this island's finest wine and spirits. The Story Bar focuses on what Tasmania does well: hops, apples, botanicals, grain and water. Our natural cool climate allows our beer, cider, whisky and gin are among the best in the world. It also provides us with the creativity to bring these stories to life through our drinks and community. More importantly, the products themselves represent the stories of resilience, curiosity and belief that shape the characters behind the labels.

...A MENU INSPIRED BY PRESENT DAY EXCELLENCE

Each sip is a journey through Tasmania's rich history of craft beverages. Nestled between towering mountains and pristine coastlines, Tasmania boasts a brewing and distilling legacy that dates back to the early colonization of the island. From the crisp, refreshing lagers that echo the cool

Tasmanian breezes to the robust wines that capture the essence of our sun-kissed vineyards, every drink tells a tale of craftsmanship and tradition. Our curated menu celebrates the unique terroir of the island, showcasing exceptional craft beers, award-winning wines, and artisanal spirits that embody the spirit of Tasmanian innovation. As you indulge in our selections, allow yourself to be captivated by the stories of local

artisans who have preserved centuries-old techniques while embracing modern creativity. At our venue, we invite you to raise a glass and become part of Tasmania's narrative—one sip at a time.

From the edge of the world, comes a world leader. Winemaker Ed Carr embarked on a journey to craft exceptional Australian wine, equal to the world's best. His relentless pursuit for excellence resulted in putting Australian sparkling wine on the global wine map. Great sparkling wines are defined by the blend. Most are a combination of Chardonnay and Pinot Noir, for which Tasmania is well known. Carr saw that the location of The House of Arras – with its mineralised soils and microclimate – was a place of alchemy. Arras has consistently produced award-winning wines, including the first ever wine from outside the Champagne region of France to win World Champion Library Vintage at the 2022 Champagne & Sparkling Wine World Championships
